Education

B.S. Software Engineering, Harbin Institute of Technology, 2010-2014.

M.A. Computer Science and Technology, Tsinghua University, 2014-2017.

Ph.D. Computer Science, University of Utah, 2018-Now.

Research Experience

High Efficiency Video Coding, 2014-2017

Bayesian Probabilistic Modeling, 2018-Now

Teaching Experience

Teaching Assistant, Digital Logic and Digital Logic Circuit, 2015 Spring

Teaching Assistant, Digital Logic and Digital Logic Circuit, 2016 Spring

Publications

Conference Articles

Wang, Zheng , P. Tao , and L. Feng . "Rearrangement pixel granularity template matching for lossy screen content picture intra coding." Visual Communications Image Processing IEEE, 2016.
